

About NFMCC	<ul style="list-style-type: none"> • 288-bed hospital; the largest health care provider in Niagara County, NY. • Staff includes more than 150 specialists and primary care physicians. • Full-service emergency department, where the AutoPulse™ is deployed.
About Their AutoPulse Usage	<p>NFMCC tested and purchased an AutoPulse because the staff found it to be dependable in producing effective, consistent chest compressions for staff members administering CPR.</p>
What NFMCC Clinicians Say About the AutoPulse	<p>“As the front line troops in the battle against cardiac arrest, we're proud to be among the first hospitals in the nation to give our patients a better chance for survival by employing this promising new technology.”</p> <p style="text-align: center;">Leonard Franco, M.D., Chief of Emergency Services</p> <p>“Memorial Medical Center operates the busiest emergency room in the Greater Niagara area. Our goal is to make sure it is the best, and implementing AutoPulse will help us be exactly that.”</p> <p style="text-align: center;">Desiree Korbs, R.N., Emergency Department Acting Manager</p>
What NFMCC Administration Says About the AutoPulse	<p>“Due to recent research that concluded CPR is often performed inadequately by medical professionals on cardiac arrest patients, we accelerated our decision to purchase the AutoPulse. The data that we reviewed made our decision very easy. We want to use the best tools available to provide the best patient care possible.”</p> <p style="text-align: right;">Joseph A. Ruffolo, President and CEO</p>
